

RBTT Bank opens their 20th ATM at Kooyman's in Cura Cabai

As a show of solidarity and support for the community of San Nicolas, the executive staff of the RBTT Bank, lead by President Edna Farro, joined with San Nicolas community leaders and the staff of Kooyman's Home and Hardware store Cura Cubai in celebrating the opening of their 20th ATM on the island.

Assisting Ms. Farro in the inauguration of the new outlet were Ernst J.E. Mohamed, the Assistant Store Manager Cura Cubai, and Job Laboyrie, General Manager of Kooyman's in Aruba. Silvia Evertsz, Branch Manager of RBTT San Nicolas, performed the official ceremony.

In a flurry of balloons and to great applause, the officers of the two companies expressed their confidence and support for the infusion of more businesses to the San Nicolas area, and the need for an RBTT ATM to assist the community. This new convenience will serve a large area, and is very conveniently located in a shop that is very important to a neighborhood that often "does it themselves" when it comes to home maintenance.

Congratulations to RBTT, Kooyman's and San Nicolas on their latest addition to consumer convenience!
